### DANIELSON AND PUTNAM NEWS.

#### DANIELSON

Rev. John Roux to Leave for Massachusetts—Statement by Charles S. Francis—Progress of No-License Campaign—Political Drift.

Edward Henault visited relatives in New London on Thursday.

Miss Della Perreault has returned from a visit of several months with relatives in Canada.

Abel L. Reeves, H. J. Reeves and S. G. Gungas attended a meeting of the stockholders of a New Hampshire gold mine, located at Lisbon, which was held at Central Falls, R. I., on Thursday.

Mrs. George Canon has returned from Boston, where she has been receiving medical treatment.

Rev. John Roux goes to Fitchburg.

Rev. John Roux, who has been an assistant to the pastor of St. James' parish for several years, is to leave Danielson permanently this week and will be located in Fitchburg, Mass.

Thomas J. Aylward was in Norwich Thursday.

Mr. and Mrs. Louis E. Kennedy attended the fair at Stafford Springs on Thursday, making the trip by automobile.

Mrs. Theodore Hammett entertained a party of ladies at her home on the Green Hollow road Wednesday afternoon.

#### County Medical Society to Meet.

The members of the Windham County Medical society are to hold their fall meeting at the Arawakan house in Danielson during the month of October.

#### Changes in Train Schedule.

The winter schedule of train service on the local branch of the Midland division will become effective on Sunday.

There are to be two changes in the present time table affecting Danielson. Beginning Sunday morning the north bound train is to leave the local station at 7 o'clock. This train has been due to leave Danielson at 7:10 on Sunday mornings and 7:00 on week days. The other change is in the leaving time of the north-bound morning train now due to leave Danielson at 10:17. Beginning Monday, this train will leave Danielson at 10:11.

#### Opens Whist Season.

The Bijou whist club held its first meeting of the present season in its rooms in the Hyde block on Thursday evening. The club is a ladies' organization and has been in existence for several years. Weekly meetings are held from early fall until the Lenten period begins. The club has been very successful and has a large membership.

#### Brooklyn Republican Nominations.

The republicans of the town of Brooklyn have placed the following men in nomination as candidates for the town officers to be elected at the town meeting on Monday: Assessors, James F. Page, one year, E. C. Babson, two years, C. H. Blake, three years; board of relief, C. G. Lawton, Frank Bedford; selectmen, Fred Card, Amos Kendall; town clerk and treasurer, Theodore Pond; auditor, E. C. Babson; grand jurors, Samuel Bradford, Stephen Oatley, James F. Page, constables, Edwin Bennett, Phillip Theriault, Fred A. Kies; registrars of voters, Charles H. Blake, Benjamin L. Bailey; tax collector, Riley D. Witter, member of the school board, Sydney W. Bard; tree warder, William H. Clewley.

The only contest at the caucus, which was held Wednesday evening in the town hall in Brooklyn village, was between Fred Card and Amos Kendall, both of whom desired the nomination for first selectman. Card was the victor, winning out with a margin of 16 votes.

There were about 100 voters present at the caucus and the check list was used in taking the ballot for the nomination of selectman.

A vote of thanks was extended by the meeting to J. Sprague Bard, who has been the tree warden in Brooklyn since the office was first created and the vote was in recognition of his efficient discharge of his duties.

E. C. Babson was moderator of the meeting and C. G. Lawton clerk.

#### Charles S. Francis' Statement.

Charles S. Francis, who is serving the republican nomination for town clerk and treasurer of Killingly, authorized a statement Thursday that to the best of his knowledge there was no truth in the statement being circulated that it would cost the town of Killingly more than \$2,000 to make the change in the holder of the offices mentioned in the event of his being elected. Mr. Francis says he knows of no means of incurring such an extraordinary expense to the town should the majority of the voters of his party favor him with the nomination and election.

#### Two Contests Probable.

This (Friday) afternoon the republicans of Killingly entitled to vote in the party caucus will get together in the town hall to name their candidates for election on Monday.

Two contests are on for places on the ticket and the preliminary promises to be not devoid of interest. The voters in the caucus will have an opportunity to choose between Harley S. Place, republican member of the board from the Third District, and Sydney Barlow of the district, who desires the nomination as a candidate for a place among the selectmen.

The other contest will be for the nomination for town clerk and treasurer. Frank T. Preston, the present incumbent, and Charles S. Francis, both of Danielson, are the party candidates and both will be able to make a strong showing.

The democrats will watch the proceedings with close attention and tomorrow (Saturday) afternoon will name their list of candidates in party caucus.

#### Potatoes \$1 a Bushel.

Potato crops in this section of the county are not going to be up to the usual standard, according to the men who raise a great quantity of them for the market.

The crop did not get a good start owing to the long continued dry weather and in a general way conditions have combined to reduce the average yield per acre below the normal amount. Of course, there are a few fields that have given exceptionally good returns, but on the whole, the crop is short. The price now being obtained for the neighborhood of 21 a bushel and many expect to see a sharp advance from this price before spring.

#### NO-LICENSE CAMPAIGN.

##### Able Speakers Visit Nearby Towns.

Local speakers made a flying no-license campaign in the villages in the north end of the town on Wednesday evening, and this will be repeated before the close of the present effort to swing the town back into the list of temperance towns of the state.

Two automobiles were used to convey the speakers from Danielson to the villages, visited and their talks were heard by interested open air audiences.

#### D. A. Dubois Makes Address in French.

On Wednesday evening D. A. Dubois spoke in French in the town hall, de-

been eccentric and highly irritable for years and many instances are cited in an effort to establish that he was not of perfect mental balance.

Constantine, however, was a man of ability and was at one time a member of the government consular service. Dr. Brunn also was a man of prominence in this section. He represented the town of Woodstock in the legislature one term, was secretary of the board of management of the Day-Kimball hospital, a leader in the affairs of Woodstock Agricultural society and in many other ways was identified with the interests of the town.

The estates of the Brunn brothers are two of the prettiest in beautiful Woodstock. The property was formerly owned by the father of the Brunn brothers as a summer country place and when he was not in New York, where he was a member of the commission firm of Heyermeier & Brunn, he spent the greater part of his time in Woodstock. Dr. Brunn leaves his wife but no children. Constantine is survived by his wife and two sons, Mrs. Brunn and his younger son, Armond, were in New York at the time of the tragedy. Ewart, the elder of the two sons, had arrived at Woodstock on a visit only a few minutes after the shooting.

Arrangements for the triple funeral service had not been definitely decided upon Thursday, although it was thought that it would be held this (Friday) afternoon at the home of Dr. Brunn, where all three died. It was also said Thursday that the bodies of Dr. Brunn and Miss Brunn would be taken to New York, while Constantine would be buried in Woodstock.

#### Fraternity Interests.

Cargill council, K. of C., held a meeting Thursday evening to discuss plans for the winter months.

Members of the Putnam Social and Athletic club are awaiting the announcement of the management relative to the season's series of events. The club was very much enjoyed by the members last winter.

#### Elimira, N. Y., the home of Prof. Ross G. Marvin, who lost his life while in the largest oil refining plant in the east is situated, have been increased from \$7,500,000, the value fixed upon them in 1908 for taxation, to \$10,000,000. The company is appealing against the increase fixed upon the realty by the Hudson county board of equalization. It is more difficult to create a combine in a nation of 35,000,000 than in one of 7,000,000. There is in the United States a free trade area equal in extent to about all of Europe and with a population equaling that of France and Germany combined. The free trade existing within the limits of the United States largely offsets any disadvantages of foreign competition. To aid in the effort to stamp out plague by removing the origin, various rat exterminators of both local and foreign formulae are used in Japan, over \$4,000 worth of arsenic having been imported from Great Britain and Germany in 1908, and a well-known American rat poison having been introduced with poisonous success.

### Up-to-Date AND Down-to-the-Minute

## Norwich Commercial School

Broadway Theater Building

To really succeed means to excel. The theoretical man is confined to theory and inexperience. The successful man combines the best up-to-date theory with practical down-to-the-minute work. This is the key-note of our Courses and our Books.

All books and stationery furnished and they remain the property of the student.

#### BAR HARBOR EXPRESSES.

Southbound, Averages Fourteen Cars—Run in Two Sections.

The Bar Harbor express is carrying its heaviest burdens southward at present, the tide of travel having turned from the Maine society resort toward New York. Fourteen cars in the present average number on the southbound train, with two sections to accommodate the week end rush. The train will be made off for the season about the middle of October.

#### MOOSUP DAMAGE SUITS.

Finding for Defendant Company—Appeal Taken.

Judge Bennett ordered the jury to bring in a verdict for the defendant company in the cases of Harriet S. Bennett and Frank Bennett of Moosup, tried jointly, when the superior court opened for the session of Thursday. The cases were suits to recover damages of \$5,000 in the first instance for personal injuries and \$1,000 for loss of services and for medical attention in the second instance. They were brought by Mr. and Mrs. Bennett against the New York, New Haven and Hartford railroad.

The ground for the court directing the finding in favor of the railroad company was contributory negligence on the part of Mrs. Bennett at the time she was injured.

Attorney Donald G. Perkins took an exception and will appeal to the supreme court. This was the second non-suit case in this court within a week.

#### \$500 Awarded Schiel.

In the case of William Schiel of Putnam vs. the Connecticut company, tried after the Bennett cases, the jury brought in a verdict for Schiel to recover damages of \$500. According to witnesses in his own behalf, and his own testimony, Schiel was forcibly removed from an electric car on Front street near the Bradley beef house one day in April of this year and under such circumstances as to cause him to bring the suit.

Attorney Donald G. Perkins represented Schiel and Attorney Berry the Connecticut company.

#### DR. A. E. BRUNN DEAD.

Bodies of Sister and Two Brothers in One House—Triple Funeral Today.

The members of the household of Dr. Armin E. Brunn of Woodstock were overwhelmed with grief in the early hours of Thursday morning, when the wounded doctor's life ebbed away after every possible means of saving him from the fatal bullet fired by his brother cut its way through his intestines and it was evident to the attending physicians, though they operated, that there was little chance of saving his life.

The people of Woodstock had not recovered from the effect of the shock Thursday and through all of this end of the county the sorrowful affair was of supreme interest.

There were no developments Thursday to indicate any motive for the crime other than insanity, though the fact that the large estate of the father of the dead Brunn has not yet been settled may have been a matter to vex the minds of unfriendly neighbors. It was said Thursday by residents of South Woodstock that Constantine has been extremely nervous condition to a degree that would upset him mentally. It was said Thursday by residents of South Woodstock that Constantine has been extremely nervous condition to a degree that would upset him mentally.

### Questions for Voters of Killingly

Killingly owes \$182,000. Will no-license help reduce that debt?

Can the taxpayers of this town afford to carry a heavier load than has already been heaped upon their shoulders? Ask them.

Has the debt in Killingly been reduced until this year since it last voted a license in 1906? It has not.

Can the villages of the town outside of Danielson escape the penalty of paying a higher tax rate if this town votes No? They cannot; the license revenue helps them as well as Danielson.

If every man who is not a total abstainer voted license in Killingly how many votes would the no-license people poll? Vote as you live; a hypocrite is detestable above all men.

Do you imagine that the leaders of the no-license movement will not resort to the tyrannical methods they used the last time the town voted "No" if you give them another chance? How did you like the spy system? How did you like the operations of the court of inquiry?

Have you ever heard of a no-license town that became so moral that they dismissed the police force, abolished their criminal courts, closed their jail and almshouse and marked time waiting for their immortal crowns?

If the State of Maine is the model of the temperance people that we listen to why does it bear the most disreputable record of the New England States, so far as the governing of the sale of intoxicants is concerned?

Why should you place any confidence in a man or men that asks you to deprive yourself of a personal liberty when you know his record does not warrant your support?

Ask the no-license people to show you their record of conversations achieved through the working of the prohibitory laws. Ask them for the names. Ask them what single achievement they can point to in this town because of their efforts in behalf of no-license that makes them deserving of your support at the polls.

Ask them if it is better to again make this a molly-coddle town ridiculed by strangers that come here from progressive cities, a town of skulking pocket-sellers, a town for Putnam to ship car loads of beer to.

Ask them if they will pledge themselves that none of these things will occur; ask them to pledge to you that they are more honest in their business than the one they attack; ask them if they ever made this a better town!

If license hurts the average poor man, why did the despots in the Windham County and Brooklyn Savings Banks increase nearly \$100,000 during the past year?

If license hurts Killingly, why does the Connecticut Company run double service between Danielson and Central Village Saturday afternoons. Why is every north and south bound car crowded to the doors every week end?

Ask them if they think it would be a good plan to change all this and go back to the dreary, deserted streets of the last year under no-license, with the business men howling about bad business.

Ask them to answer all these things. Ask them if they will make good the business losses. Ask them why this town should go backward rather than go forward.

Ask yourself if you want to help the prosperity of Killingly. If you do
